McMillan May be Master Commissioner.

From an unofficial but reliable source it is learned that Attorney C. A. McMillan will receive the appointment to the office of Master Commissioner of Bourbon county as the successor to Judge Russell Mann who died last week.

The appointment will be made at the coming term of the Bourbon Circuit Court and will be made by Judge Robert L. Stout. It is said that Judge Stout, who is holding court at Frankfort had reached the decision in regard to the appointment of Mr. McMillan, and his intentions are said to have been stated to several attorneys.

There have been several applicants for the position made vacant by the death of Judge Mann, but as to who had the best chance of landing the position was not learned here until Tuesday night when a statement said to come from Judge Stout was noised about.

Mr. McMillan, who is at present the efficient City Attorney of the City of Paris, is one of the most prominent young attorneys of the Bourbon bar, and his selection by Judge Stout as Master Commissioner of the Bourbon Circuit Court will no doubt meet with universal approval.

Conductor Undergoes Operation.

Conductor Phil Price, one of the most popular officials on the L. & N., underwent an operation at the Richmond hospital a few days ago in an effort to secure relief from the effects of an injury he sustained by being shot in the head several years ago. Capt. Price has been a constant sufferer since the bullet was removed and in the past few months has suffered severe nervous attacks. The operation was performed on his left eye and small particles of the bullet were removed. As soon as he recovers sufficiently from the first operation a second will be necessary to remove small particles of lead from his left cheek which have been causing him great pain. The operation, according to the surgeons in charge, came none too soon, as it is stated in a short time would have affected his mind.

BIRTHS.

—Born, on January 13, to the wife of Mr. J. O. Evans, nee Miss Mary Best Tarr, of near North Middletown, a son—third born.

DEATH.

—Mr. John J. Ronan, formerly of this county, and son of the late John Ronan, died at his home in Taylor, Texas, on January 7, after an illness of several weeks of la grippe, which developed into pneumonia. He is survived by his wife and one son, John Ronan, Jr. Mr. Ronan was a brother of Mrs. T. F. Brannon, of this city, and Sister Mary Zeno, of Florissant, Mo.

—Mr. James Monroe, aged about 90 years, founder of Hamilton College, Lexington, philanthropist and successful business man died in Lexington yesterday morning at 6:30 o'clock.

—Mrs. Chas. Bramel, aged 40 years, died at her home near Hutchison Station Wednesday evening about eight o'clock from uremia, following childbirth. She is survived by her husband and seven children. The funeral arrangements have not been announced.

MATRIMONIAL.

—Mr. Marshall Fuller and Miss Nora Crump, both of Carlisle, were united in marriage yesterday afternoon in the parlors of the Fordham Hotel, the Rev. J. S. Simms officiating.

Mr. William Day, of Winchester, and Miss Blanche Wasson, of Rice Springs, Tenn., eloped to this city Monday afternoon, coming in an automobile and after securing a marriage license from County Clerk Patton were united in marriage by the Rev. J. S. Simms in the parlors of the Windsor Hotel. The couple attempted to keep the marriage a secret but the fact became known and proved quite a surprise to their friends.

The groom is a son of Mr. John C. Day, of Winchester, owner of the Mountain Central Railroad, and is prominent in Winchester society. The bride was a student at Sayre College in Lexington, and was visiting relatives in Winchester.

Two Games at Gym Tonight.

The second double header of the season will be played at the High School Gymnasium this evening between the High School and Eastern Kentucky Normal School basketball teams and the Paris and Richmond High School girls. The games with the Cynthiana teams last Friday night improved both the local teams wonderfully and a lively contest at both ends of the program are expected. The first game will be called at 7:30 o'clock.

Twin Bridge About Completed.

The force of men in charge of the construction of the twin bridge for the double track over Houston creek have about completed the six hundred foot structure. The erection of the bridge is in charge of the American Bridge Co., of New York, and the progress made in the past two weeks has been remarkable. The use of a steam crane with a lifting capacity of eighty tons has been employed in the construction of the bridge and the only delay experienced was during the extremely cold weather. The old bridge at this point was raised eighteen inches to conform with the new grade established.

Primary Called For March 16th.

At a meeting of the Democratic Committee of the Seventh Congressional district, at the Capitol Hotel in Frankfort Monday afternoon, a primary election was called for March 16, to nominate a candidate for Congress. If only one candidate has announced by March 2, a meeting of the committee will be held and the candidate declared the nominee. J. Campbell Cantrill, the present Congressman, is now the only announced candidate.

Desha Breckinridge and Samuel Wilson, of Lexington, and Henry Breckinridge, who is now making his home in Lexington, appeared before the committee and protested against any action now on the ground that the present Legislature will pass a primary election law. Mr. Cantrill also appeared before the committee and urged that no "snap" action was desired, and that everything was regular.

The meeting was called to order at 2 o'clock by Mike Meagher, member of the Democratic State Executive Committee. Charles Morris, a member of the committee, was selected as secretary. The following members were present: John Griffin, Franklin county; W. O. Davis, Woodford county; W. P. Kimball, Lexington; L. T. Doty, Owen county; W. P. Roberts, Fayette county; R. H. Anderson, Scott county, and Charles Morris, Olham county.

Mr. Doty offered a resolution providing for a primary to be held on March 16. Mr. Breckinridge appeared before the committee and asked to be given a hearing. He declared that the only purpose of the primary being called this early was to shut out other candidates than Mr. Cantrill. He urged that no action be taken until after the Legislature had passed a general primary act. Mr. Wilson then made a talk along the same line asking the committee to wait and give everybody a chance. Mr. Cantrill replied to this, urging that there was nothing of a "snap" nature about the call at this time. He said that it had been customary to make the call sixty to ninety days before the primary, and that everybody had a chance.

Mr. Davis offered an amendment to the resolution providing for a primary to be held in August. This was voted down 5 to 3.

Another amendment was offered providing that in case the Legislature passes a primary election act the call for the primary on March 16 is to be void. This was also voted down by the same vote. The original resolution was adopted by a vote of 5 to 3, those voting against the resolution being: Griffin, Davis and Kimball. Those voting for it were: Doty, Crabb, Roberts, Anderson and Morris.

PRIMARY RESOLUTION ADOPTED.

The following is the substance of the resolution adopted:

A primary is called in the counties of the Seventh district between the hours of 6 a. m. and 4 p. m., March 16.

The right to vote at said primary election shall be limited and restricted to those who affiliate in good faith with the Democratic party, and who possess the qualifications prescribed by law.

To carry the call for the primary into full force and effect a sub-committee, composed of R. H. Anderson, of Scott, W. B. Crabb, of Henry, and W. O. Davis, of Woodford, is hereby appointed, which committee is to make all preparations for the primary, including the printing and distribution of ballots to the officers of the election.

An assessment of \$3,000 is fixed for defraying the expenses of the primary, and any person desiring to become a candidate must deposit \$1,500 with the chairman of the subcommittee not later than March 2.

The District Committee shall meet in the courthouse in Lexington on March 6, and if only one candidate has qualified, then the committee is empowered to resolve itself into a convention, and declare the one qualified candidate the nominee.

Polls shall be opened in each precinct in all counties in said district in the usual regular voting places.

At the close of the polls the election officers shall count the ballots and certify to the county the result of the vote.

No candidate shall be allowed to select the device of the Democratic party for his emblem, and the order in which names shall appear upon the ballot shall be determined by lot.

The officers of the primary election shall be selected from lists offered by candidates in accordance with the primary election law.

The candidates shall be entitled to name a challenger in each precinct by written notice five days or more before the primary.

On the third day after the returns have been made to the chairman in each county the committee shall meet at Lexington and canvass the votes and issue a certificate of nomination.

The chairman of the subcommittee shall give due notice of the time and manner of holding said primary, as required by the primary election laws.

Home Endorsement

Hundreds of Paris Citizens Can Tell You All About It.

Home endorsement, the public expression of Paris people, should be evidence beyond dispute for every Paris reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers in faraway places. Read the following:

Mrs. J. T. Martin, Eleventh and Main streets, Paris, Ky., says: "Kidney trouble in my case was brought on by a fall I received two years ago. My back ached until I thought it would break and sharp twinges often shot through my kidneys, as if someone were hitting me. I tried various remedies, but could not find relief until I procured Doan's Kidney Pills at Wilson's drug store. After using them one week, I felt like a different woman and I was soon completely cured. I gave a statement for publication in 1908, telling of my experience and at this time I am glad to confirm all I then said in praise of Doan's Kidney Pills. I think more highly of them than ever."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

She Sleepeth.

Paris, in commercial sense, is apparently sleeping the sleep that knows no waking. In recent years this has become very noticeable. She comes forward at the dawn of a bright day to go to rest in the evening in the same way, contented with what she has, given to her without an effort to acquire, and as the days pass, in the same "hum-drum" way.

This has characterized Paris since her birth, something over a hundred years ago when cows browsed on the commons men sat idly around blacksmith shops, taverns and stores, chewed tobacco and whittled. The advance of time has made the people a little more energetic, but this energy was forced upon them when it became apparent that there was nothing else for them to do.

What next: Railroads replaced the stage coach, Paris blossomed under a favored sun and matured into a city, not because of the efforts of her people—possibly it was predestined. Time has made Paris a thriving city: there is little doubt to this. In the past ten years the change has been as if by magic. What was the cause? Was it the people who spent their lives in the community, or was it from outside interests? The latter is most probable.

Some little enterprise has contributed materially, but there exists to this day the feeling in the breast of the average citizen that "whatever does not come to us we will not seek." We can daily see the fruits of this spirit, which from a candid view premises to prove the undoing of [the proud little town and reduce it to a rank far beneath the class to which it rightfully belongs.

Sometime ago a Commercial Club was organized and for a time the activity of this organization knew no bounds. But what came of it? Nothing, absolutely nothing. Then, drifting back into the same channels matters continued, as if no organization of the kind had ever been perfected.

There is work for a hustling Commercial Club here; work in plenty. Some weeks ago Paris was mentioned as the divisional center of the L. & N. and the terminus of a new line which was surveyed into the rich mountain country. With no Commercial Club to push the interests of Paris it was permitted to go on, and on, and on, until, when it was announced that Winchester, bidding strong for the new road, had all but secured it, the eyes of the people were opened. Sitting up they started in wonderment and asked, "What's doing?"

It can be easily conceived something in the extreme was doing. It means, to express it in very few words, that Paris has virtually lost what with an effort could have been her gain. But battles are not won until the last gun is silenced and there is yet hope of the chance to retrieve our apparent losses.

Let's get together; unite in the one common cause to make Paris what she should be. Lay aside the desire for selfish, personal gain and unite. Blessed with the natural advantages that she is Paris should be made a better town. We cannot expect outsiders to do it for us when there is no effort on the part of those locally interested.

Shoulders to the wheel, all of them. Do it now, or some fine morning we will awaken to find Paris a mere flag station, while the cows will be browsing on the commons, men sitting idly about, just existing, as in the days of long ago.

The Strong Point.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. ONE WAY OF SAVING
A BABY—FREE TO TRY

The mother does not live who would not do all in her power to keep her child healthy, but often she does not know how. So when a doctor of standing points the way all can afford to listen.

It is an accepted fact that nine out of ten of the troubles of infants and children is intestinal. You notice it by the fact that the child is constipated, it belches, is peevish and cries. Don't give a remedy that contains an opiate, because the child will get in the habit of needing it, and don't become alarmed and run at once for a doctor.

Try a scientific laxative first. Give a small dose of Dr. Caldwell's Syrup Pepsin, the remedy that is intended

for the use of children. It is mild, gentle and non-gripping. The remedy is absolutely pure and is guaranteed in every particular. Mrs. Toomey of Emingsville, Pa., and Mrs. Fred Crooms of Alanson, Mich., never give their children anything else. These are only a few among thousands of women.

You can buy a fifty cent or one dollar bottle of any nearby druggist, for they have all sold it for a generation, but if you want to test it on your child first send your address to Dr. Caldwell and he will cheerfully send you a free sample bottle.

Address him Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

The Famous Rayo Lamp

The best part of the day is the evening, when the whole family is gathered together around the lamp.

The old days of the smoky fireplace and flickering candle are gone forever. In their place have come the convenient oil stove and the indispensable Rayo Lamp.

There are to-day, in the United States alone, more than 3,000,000 of these Rayo lamps, giving their clear, white light to more than 3,000,000 homes.

Other lamps cost more, but you cannot get a better light than the low-priced Rayo gives. It has become so popular we may almost call it "the official lamp of the American family."

The Rayo is made of solid brass, with handsome nickel finish—an ornament anywhere.

Ask your dealer for a Rayo lamp; or write for descriptive circular to any agency of the

JANUARY 20, AT 8 O'CLOCK,

We Will Open Our Doors With a Sale That Will Eclipse Anything Ever Before Attempted in Paris.

We were working all week getting in shape this great stock of Shoes and Rubbers for this gigantic sale.

Several large Eastern manufacturers anticipating a record-breaking holiday trade, stocked heavily so as to take care of "hurry orders." The unseasonable weather and the lack of snow in December, throughout the entire country, affected the Shoe industry more than other lines, and "hurry orders," were few and far between. Our buyers, always on the spot, finally induced them, owing to our immense outlet, to consign these goods to DAN COHEN

--- To Be Converted Into Ready Money ---

This is not a sale of a few odds and ends, not a few goods left at the end of a season, but a sale of a large stock, consisting of absolutely new Shoes and Rubbers consigned to DAN COHEN to be sold at once at whatever prices they will bring. The choicest goods, the very cream of this season's makes placed on sale at less than the price of "cheap" footwear and they

Lighting the Panama Canal.

The force at work upon the plans for lighting the shipways of the Panama Canal began work last April, and have already nearly completed the survey and clearing of all points to be occupied, or deprived of obstructions; and have also begun the construction of range light towers and beacons. The scheme has for its main features side lights illuminated by electricity or acetylene gas which will line the canal on either side about a mile apart and range lights on the longer tangents or sections of the canal where a straight course must be kept for some distance. Similar tower beacons and illuminated buoys, consuming acetylene gas will mark the deep water course to be followed in the great Gatun Lake, and through other channels. The great artificial lake will soon become a feature of the canal zone and cover perhaps for centuries to come, rivers and trails which have been associated with some of the most interesting and earliest events of American history.—"Affairs at Washington," Joe Mitchell Chapple, in National Magazine for January.

"The Gamblers," which comes to the Paris Grand next Tuesday was the only serious drama produced last season that recorded a run of over two hundred consecutive performances in New York. The Klein play was one of the genuine successes of the season. Reserved seats may be secured by telephoning Mitchell & Blakemore.

"THE GAMBLERS."

Charles Klein's greatest play, "The Gamblers," which run throughout last season at Maxine Elliott's Theatre, New York, comes to the Grand next Tuesday. The story of the play has to do with a group of bankers, the youngest member of which agrees to go to jail and pay the penalty for a technical offense of which all are guilty, provided his father, an innocent man, shall not suffer. The story of the attempt of the young bank officer to get all the others free, and his love for the wife of the cold-blooded prosecuting attorney, innocently brought into the affair, is one of the most gripping plays that goers have had offered them in many a day.

This is a Klaw & Erlanger production and one of the strongest plays, both scenically and in regard to cast of characters that this well known company has this season. Seats may be reserved at Mitchell & Blakemore's Saturday. The Lexington Opera House Orchestra will furnish the music.

Russell Re-elected President.

Thomas M. Russell was re-elected president of the Maysville Base Ball Club of the Blue Grass League and James Summers, secretary, at a meeting held Tuesday night. The matter of electing a captain and manager of the Maysville club was postponed until next week.

Railroader Becomes Suddenly Ill

Leslie Todd, an L. & N. conductor, in charge of a construction train at Shawhan, this county, was taken suddenly ill while in the discharge of his duties at the Townsend Bridge Monday and as a result is in a critical condition. The attending physicians first thought his illness was a result of the exposure to which he had been subjected, but it later developed that he was suffering from walking typhoid fever. He was taken to the Good Samaritan Hospital, Lexington, for treatment.

Negro Stabbed is Jailed for Theft.

Dan Chinn, colored, was arrested yesterday by Constable Perry (Rice) on a charge of cutting Chas Johnson, also colored. The trouble took place in Claysville and Johnson suffered a slight gash on the throat and was stabbed twice in the arm. Chinn's examining trial was set for Saturday.

A short time after Johnson appeared at the court house to have a warrant issued for the arrest of Chinn, he was placed under arrest for stealing a pair of shoes that were the property of George Watson, colored. Lou Jones, a negro woman, was also arrested in connection with the theft and in the county court Johnson was given 90 days at hard labor, while the Jones woman was given thirty days.

Trains Meet in Head-on Collision

Four persons were killed, five fatally injured, while a score or more passengers were seriously hurt when a special Chesapeake and Ohio train, which had figured in another wreck earlier in the day, crashed into the regular Louisville and Nashville passenger train near Long Run, twenty miles from Louisville at 6 o'clock Tuesday evening.

Orders had been issued for the Chesapeake and Ohio extra to take siding at Long Run, but the train passed on through, crashing into the L. and N. passenger train which was loaded with Kentucky Legislators and friends, a mile further down the line.

Both engines boilers exploded, tearing the baggage cars to pieces. On the Chesapeake and Ohio train was only a baggage car and a day coach. No passengers were aboard.

The dead are: James Mehornhay, engineer of L. and N., Louisville; Thomas Jones, fireman of L. and N., Lexington; Charles O. Lee, engineer of C. and O., Lexington; Charles Marcus, fireman of C. and O., Lexington. The fatally injured are: Fred Anderson, conductor of C. and O., Lexington; William Wilder, conductor L. and N., Louisville; Napoleon McCarthy, baggage master of L. and N., Louisville; Ed Robertson, express messenger, C. and O.; E. D. Long, Bagdad, Ky.

Paris Inventor Returns Home.

Mr. Frank O'Neal, Jr., of this city, inventor of the hempbreaking machine which has attracted so much attention in this section from the successful tests that have been made, arrived in Paris Wednesday night from Philadelphia where he has been since last fall improving his invention. A new model of the machine is now enroute to this city and as soon as it arrives it will be placed in the field and given a thorough test. Since last fall Mr. O'Neal has made many improvements on his invention, the principal feature being the power which is furnished from gasoline engines, and which are constructed as a part of the machine. This feature will eliminate the great difficulty which he has experienced in securing power. Mr. O'Neal is of the opinion his tests this winter will be of greater success than ever before.

Bourbon People Win Suit.

Last week the suit between Mrs. Henrietta Taylor Ford and her father, N. H. Taylor, as guardian of infant child, on the one side, and the insurance company on the other side, was decided by the Franklin Circuit Court. The insurance company held notes and mortgages against the Ford estate amounting to about eleven or twelve thousand dollars. Mrs. Ford and the guardian resisted payment of these notes and mortgages. Judge Stout decided in favor of Mrs. Ford and the guardian. The insurance company will prosecute an appeal.

Robert C. Talbott, of Paris, and Robert B. Franklin, of Frankfort, represented Mrs. Ford and Mr. Taylor as the guardian of her infant child.

Closing Out Cloth Suits!

We Have Given Marching Orders to All Our High-Grade Exclusive Garments Remaining From Our Great Final Adjustment Sale and Priced Them, for Quick Selling, as follows:

All \$25 and \$30 Suits, now \$10.00

Suits formerly up to \$50; now \$17.50

Suits formerly up to \$100, now \$25.00

A limited number of Cloth Suits remain from the fast selling of our Great Final Adjustment Sale and we have decided to close every one of them out at a mere fraction of the former prices. While the quantity is somewhat limited, the range of style and fabrics is still broad and embraces some of the most distinguished and exclusive models we have shown this season.

A glance at the items above will show how we have fractured prices. Profits, regular values and even actual cost, played a minor role, the chief consideration being a quick and absolute clean-up.

These unprecedently reduced prices place within EVERYBODY'S reach the highest type of women's suits this country produces—apparel which by its distinguished exclusiveness, its ultra-smartness and its absolute perfection and superiority has become the unrivalled favorite of the best dressed women in this section. That magnificent \$50 or \$100 suit you admired here earlier in the season but could not, perhaps, afford, is now yours for the paltry sum of \$17.50 or \$25. And plenty of \$25 and \$30 suits may be had for only \$10 if your purse runs that way.

My Doctor Said

"Try Cardui," writes Mrs. Z. V. Spell, of Hayne, N. C. "I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardui, and soon began to feel better. I got able to be up and help do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

Resolutions of Respect.

RESOLUTIONS.

We learn with regret of the death of Judge Russell Mann, in this city, on January 11, 1912, though he had filled out his allotted time. Judge Mann was born in Nicholas county, Kentucky, November 3, 1839, and was the son of Emanuel Mann and Eleanor S. Mann. He was educated in the public schools and graduated at Millersburg before the Civil War. During the War he served in the Confederate army. He graduated at Transylvania Law School in March, 1868, and shortly thereafter he was admitted to the Bourbon bar. In 1870, he was married to Miss Kate Hutchcraft, of Bourbon county. He was elected County Attorney of Bourbon county in 1870, and re-elected in 1874, and served in that office until 1878. In 1888, he was appointed to fill a vacancy in the office of County Attorney, caused by the death of Presley S. Ford. On September 26, 1888, he was elected Judge of Bourbon County by the Magistrates of Bourbon county, to fill the vacancy caused by the death of Judge Matt Turney and at the following August election was elected to the office of County Judge, and filled that office until January 5, 1895. On June 28, 1905, he was appointed Master Commissioner of the Bourbon Circuit Court and continued in that office up to the time of his death. His professional and official life in our midst covered a period of about forty-three years. He was a member of the Christian Church, a greater part of his life, and for many years an Elder in that church. He was a man of the highest integrity and honor, and enjoyed the esteem and confidence of the general public, throughout his long professional and official career. During all of his professional and official life no one ever questioned his sincerity, his honesty and his integrity. In his private life, he was an exemplary husband and father, and a citizen of the highest type. In his professional and official life, he was faithful to every trust. In addition to the attainments of a substantial education, general and legal, he possessed a store of strong, common sense, which made him a good lawyer and a good judge on the bench. He was uniformly pleasant and cordial in his association with other members of the bar and with the public. His pleasant greeting will be missed by his associates and his friends. He was a courageous man at all times, and yet very gentle in his disposition, never growing impatient even with age and sickness. He was sympathetic in his nature and kind to all with whom he came in contact. In all questions affecting the public good, he was invariably found on the right side. His known integrity and honesty endeared him to the general public, and few men have lived in our community who were as universally liked and respected as Judge Mann. He was President of the Bar Association for many years and up to the time of his death. His entire life was spent in our community and he made a strong impression upon this community for good. His professional and official life was as useful as it was long. Though he is dead, the influence he exerted in this community for good, will live forever. Be it accordingly

RESOLVED, That we hereby express, in simple words, to be in keeping with his unostentatious life, our high appreciation of his worth, his integrity and his useful life. Be it further

RESOLVED, That we tender to his family our deepest sympathy; and be it further

RESOLVED, That we request the Bourbon Circuit Court to spread these resolutions upon its records, and that the first day of the next term of the Bourbon Circuit Court be set apart for memorial services in honor of his memory. Be it further

RESOLVED, That a copy of these resolutions be given each of the newspapers of Paris, with the request they publish them and that a copy of same be sent to the family of the deceased.

DENIS DUNDON,

BALD HEADS NOT WANTED

Baldness is too Generally Considered a Sign of Advanced Age.

A bald headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent of bald headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any bald, unless the roots of the hair are entirely dead, their follicles closed and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about and with this offer back of our statements no one should scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one in Paris who is suffering from any scalp or hair trouble dandruff, falling hair or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We are established right here in Paris, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, G. S. Varden & Son.

MILLERSBURG ITEMS.

Mrs. Russell Powell and sister, Miss Ethel Collins, were in Paris Thursday.

Services Sunday morning and evening at the Methodist and Presbyterian churches by their pastors.

Messrs. Elgin and Sherley Dalzell, of North Middletown, were guests of Mr. F. P. Hurst and family last week.

The L. & N. water tank at this point has been frozen the greater part of the time during the recent cold weather.

Mrs. G. R. Clarke and children, of Detroit, Mich., arrived Monday as guests of mother and grandmother, Mrs. Louie Clarke.

Mrs. Belle Armstrong, of Lexington, was the guest of Mrs. F. A. Herbert Friday and Saturday. She was en route to Indianapolis, Ind., to join her daughter, Miss Mary Armstrong, who is teaching there.

Mrs. John Adams Stitt, aged 84, died Saturday at her home near Hock-

town of paralysis of the brain. The remains were interred Monday at Salt Well. She is survived by her husband and several children.

Mr. D. R. Wells and family of Nashville, Tenn., will arrive Saturday as guests of his brother, Mr. M. P. Wells and family.

Capt. S. E. Brown received the Master Mason Degree at the meeting of Amity Lodge No. 40 F. & A. M. Tuesday night. The work was done by W. M. Collier.

The many friends of Miss Mary Belle Walker will be glad to learn that she is improving nicely. Miss Walker resides at Lexington and is a frequent visitor of Miss Ethel Johnson. She is quite popular here and has a large circle of friends.

Mrs. M. P. Collier entertained the immediate members of her family with a dining Tuesday, the occasion being the fifth anniversary of the marriage of her mother, Mrs. M. R. Collier. Mr. Collier died several years ago. Mrs. M. R. Collier is in excellent health and is exceedingly active

for her years. Among those out of town present were the daughters of Mrs. M. R. Collier, Mrs. W. G. McClintock, Paris, and Mrs. William Bedford, Lexington.

Mrs. A. S. Best has returned from a week's visit to her parents, Dr. and Mrs. Alex Hunter, at Washington, Ky.

The friends here of Mr. Carlton Ball were much gratified to learn through the News of his appointment as daily expert for the Southern railway. He will receive his final instructions Saturday and will enter on his duties February 1.

The heavy snow and recent cold weather has delayed all trains on the Maysville division of the L. & N. Monday night extra freight No. 97 pulling twenty cars, stalled here near the bridge and it took three engines to get it on the siding in order that the northbound passenger train due at 6:35 night pass. The passenger train was delayed for more than three hours.

Buys Suburban Home.

Mr. James W. Whaley sold to Mr. Chas. Clendenin his small farm situated on the Clintonville pike near this city. The tract contained about ten acres and is well improved. The price paid was \$3,400. Mr. Clendenin, who disposed of his grocery in this city, will move to the farm.

Unkind.

"Bliggins thinks he is keeping his light under a bushel." "Perhaps he is wise," replied Miss Cayenne; "his light is probably so small that it would go out if he let a draft get to it."

Blue Grass Magnates to Meet.

President William Neal, of the Blue Grass League, has set the date of a special meeting of the directors of the league to meet in Lexington today. The schedule will then be drafted and the result of the revision of the constitution and by laws as amended by Mr. Neal, will be reported. It is practically certain that the schedule will be the same as last year, when Lexington, Frankfort, Maysville, Winchester, Richmond and Paris were in the league. President J. W. Bacon, of this city, will attend the meeting.

Local Weather Conditions.

Cold wave coming Friday or Friday night, with rain turning to snow, was the discouraging forecast of yesterday. The temperature is not expected to go lower than ten degrees above zero, however, and then this slight cold snap will be followed by another warm wave.

The trough of low pressure that is lying from the west coast of the Gulf of Mexico to Lake Huron is expected to slide eastward and the snow and low temperature that now prevail on the northwest side of this line are expected to reach Kentucky late Friday, but as the area of low pressure moves out into the Atlantic the temperature here is expected to rise again, and it is not thought that the cold wave will be nearly so severe as the one just ended.

Has No Right To Take Over F. & C.

The Court of Appeals yesterday overruled the petition for rehearing in the noted merger appeal of the L. & N. railroad company against the Commonwealth, Franklin, the court having decided last year that the Louisville and Nashville had no right to buy or take over the Frankfort and Cincinnati railroad extending from Frankfort to Paris, because it is a competing line. Under the decision the L. & N. will have to give up the ownership and control of the F. & C. An appeal to the United States Supreme Court may be taken.

Nonsense That Deceives.

"Nonsense when earnest is impressive and sometimes takes you in. If you are in a hurry, you occasionally mistake it for sense."—Disraeli.

Sees Effect of Newspaper Loyalty.

The Louisville Times evidently sees the effect of loyal support of the newspapers in the Blue Grass League when it says:

"The newspapers over the circuit give the league loyal support. Winchester, Paris, Richmond, Lexington, Maysville and Frankfort cannot complain of any editorial 'knockers.' We read all the State exchanges from the Blue Grass League, and we have yet to find one paper which is not boosting for the home team. This is due to local ownership, and the fact that none of the clubs have a policy of concealing facts from the press."

Further the Times says: "The Blue Grass League is now in a prosperous condition. It is one of the most flourishing organizations of its size in the country. It is fortunate in having such men as Messrs. Sheets and Yancey at Lexington; Bacon, at Paris; Russell, at Maysville, and Heington, at Richmond, to take an active interest in the game. One could go ahead and name a dozen men in every city of the circuit who are willing to spend their own money regardless of probable returns to give their town a winning team."

Size of 1911 Burley Crop.

The government made a final report Wednesday on the 1911 tobacco crop. The production in the Burley district was 174,800,000 pounds in 1911 as against 273,900,000 pounds in 1910 and 225,438,781 in 1909.

Arrested on Larceny Charge.

Oliver Hazelrigg, white, will be tried before Squire Thomason in Millersburg Saturday morning on a warrant charging him with petit larceny. Hazelrigg is alleged to have been stealing coal from the school house known as Letton's near Jackstown. A few nights ago it is said he made a raid on the coal pile and was fired upon by a man by the name of Bodkins, who was watching the coal. The charge from Bodkins' shotgun took effect in the side of Hazelrigg's vehicle and several shot struck the horse. A warrant was issued for his arrest, and his case will come up before Squire Thomason tomorrow.

410-Acre Tract of Blue Grass Land

AT

PUBLIC SALE

As Executor of Chas. Hall, deceased, I will sell at public auction on the premises, located five miles north-east of Georgetown, Ky., on the Ammerman dirt road, a few hundred yards from the Newtown and Oxford turnpike, 1½ miles from Oxford and 2½ miles from Newtown, on

Wednesday, Jan. 31, 1912, at 10 O'Clock a. m.

the farm of deceased, and containing 410 acres.

This farm being located in the Blue Grass section of Kentucky has a limestone soil and is especially adapted to the production of tobacco, hemp, corn and such small grains as grown in this climate. It has on it three tenant houses with outbuildings, two tobacco barns, large enough to house 30 acres or more of tobacco, is well fenced and well supplied with water from springs and ponds.

All of the farm at present is in blue grass, timothy and clover with the exception of about 100 acres, which is mostly in small grain. This land all lays well and the peculiar favorable qualities of its soil makes it an ideal tract of land for both agricultural and stock purposes.

Prospective purchasers from a distance who desire to inspect the farm before day of sale may call on Auctioneer B. B. Peak at Georgetown, or for further desired information may call or write the undersigned.

Terms will be made known on day of sale and will be made to suit the purchaser.
